"Before thy mystic altar, heavenly truth,
I knelt in manhood, as I knelt in youth;
Thus let me kneel till this dull form decay,
And life's last shade be brightened by thy ray;
Then shall my soul, now lost in clouds below,
Soar without bound, without consuming glow."

"The purest treasure mortal times afford,
Is—spotless reputation; that away,
Men are but gilded loam, or painted clay."

"Reason's whole pleasure, all the joys of sense
Lie in three words,—health, peace, and competence."

Sunderland, March 14 & 15. 1844.

Swampfield.

A plantation north of Hadley was granted 1673 — called Swampfield.

Purchase of the Indians, April 10, 1674. — Metawompe alias Nattawwasawett sold the land for himself and in behalf of other Indians, viz. Wadanummin, Squiskheag & Sunkkamachue, for 80 fathoms of wampum & other small things — to John Pynchon of Sp. acting in behalf of Robert Boltwood, John Hubbard, Joseph Kellogg & Thos. Dickinson of Hadley, a tract of land E. of Quinnetticott river about 7 or 8 miles above Hadley, adjoining to a parcel of land said Boltwood &c. bought of Mishalisk; from that parcel of land & brook called Sawwatapskochuwas, up by Gt. River Quinnetticott northerly to a little brook called ~~Pap~~ Papaconticckquash & Corroheaggan lying over against the mouth of Pacomptuck river, Mantahelas — these lands called Mattampash from Sawwataps kechuwas, Anguepinick, Sa.. rohoncum, Lemuckquash, & Papaconticckquash, Corroheaggan and Mantahelas, & 6 miles into the woods east,

Acknowledged before John Pynchon, same day. April 17. 1674. Squiskeag came & acknowledged the sale & confirmed it for himself and his brothers Sunckkamanachue & Wadanuum — from Sawwataposkethuwas on the South to right against the mouth of Pacomtuck river, called Mantahelas — to R.B: J.H: J.K: T.D.

John Pynchon made over his right to this land to Isaac Hubbard & Thos. Hastings of Hatfield and Sergt Samuel Smith of Hadley, for 14 £. which is in full for the purchase of said land to said J.H: T.H: S.S. and their associates.

dated May 19. 1714.

[This John Pynchon 1714 was son of the first one, or g. son)

[Mantahelas seems to be the name of the tract of land opposite, or of some place, opposite the mouth of Pacomtuck river.)

Swampfield.

Mishalisk, an old woman, the mother of Wattawchinacksin, dec^d, sold to John Pynchon, acting for Robert Bolton, Joseph Kellogg, John Hubbard & Nicho. Dickinson of Hadley and their associates, land north of Hadley from the brook Nepesoaneag on the South, to the brook called Sawwatapskechmuas and Mattamoosh on the north — all between these brooks; Nepesoaneag said to be next to Hadley bounds, and Mattamoosh said to be beyond Sawwatapskeechmuas — all from Connecticott River eastward the woods eastward 6 miles — Consideration, a debt due to John Pynchon from Wattawchinacksin and Indian Coat & some other articles.

Signed April 10. 1674 — by Mishalisk, her mark X

Witnesses, same as on the other deed.

She acknowledged, same day.

John Pynchon gave up his right to J. H. J. H and J. S. (as in the deed) and their associates, for 12 £ for the purchase of the land, May 19, 1684

Wattawchinacksin and Mishalisk broke window glass of Mr Lyman's farmhouse some years before & done other damage. She engaged to pay 8 fathom of wampum & at present is 2½ fathom; and engaged her land above Hadley up to Mattamoosh, as security.

Swampfield.

1713&14. Feb 17. John Kellogg, Isaac Hubbard and others petitioned, and the Gen. Court granted a resettlement of the village or plantation, originally granted in May 1673. Many of the original grantees, and the committee for directing the settlement were dead — Grant now revived and Samuel Partridge, John Pynchon and Samuel Porter appointed to receive the claims of persons to the property & rights of land in said plantation; to enter their names & those of others that offer to join with them in settling a township there — name to be entered within 12 months — the descendants of the original petitioners & grantees to be preferred.

Committee to state the place of the town upon & mall lots, so that it may be made defensible — to grant allotments, order their prudentials, &c, setting forth 250 acres for the Government.

Mr Thos. Hastings of Hatfield was chosen to record lands &c for Swampfield, Apr. 14. 1714.

Sunderland

March 15. 1844.

The meadow, so called, (none of it overflowed) extends down to Mohawk brook, or Hadley line.

The bank of the meadow runs in a N.E. direction towards the mountain, from the lower end of the meadow. The upland S.E. of this appears to be good — has a growth of white pine & oak where woods remain — & some yellow pine.

The 3 Divisions of Ploughing Land ran apparently down to Hadley line — narrow at lower end.

The 2 divisions of mowing (swamp) Land were east of the North or 1st Division of Plough Land — One division east of the other.

The two lower divisions of plough land & the East division of mowing excluded east to the Commencement.

The Common Fence ran from the Connecticut, & followed the bank of the meadow noticed above, and round the ploughing & mowing to the highway S. of East home lots. — This part of fence was above 900 rods long. — Then the fence went across the meadow to the Connecticut — on south side of highway & West home lots about 260 rods.

20 Sunderland

The Brooks. March 15. 1844

In going Southerly through the meadow, on the highway, the first brook is about 2 miles below the meeting house — it is small and runs from N.E. to S.W. — drains some of the swamps. The 2 brook is about ½ a mile below the other and the 3 brook is about ½ a mile still lower and running along next to the upland bank. These two last brooks also run South westerly — seem to come from the Mountain — are much larger than the first little brook — and unite before they reach the Connecticut & form Mohawk Brook, the mouth of which is on or near the line between Hadley and Sunderland. — There are no other brooks in Sunderland, South of the village.

Brook &c in Hadley.

There is quite a brook in Hadley, which the road passes, perhaps a mile north of North Hadley village; It runs in a South westerly direction like the others, between high banks, & having reached School meadow goes between that & the high bank of upland ~~almost to the burying ground~~ some distance from that meadow; then crosses the meadow into the Connecticut, the lower end of the meadow being ~~some~~ higher than it is farther north, though not very high. (It is called School meadow down to Mill River I believe) The upper part of the meadow and the lower is private property. The high land between the meadow & Mill River is the site of the village of North Hadley — a sort of Triangle. Mill River runs South westerly, but inclines more to the West than the brooks above mentioned.

Sandwich

Hatch Grant was 9 miles long & 4 wide
Obtained 2 miles more in width 1729
or 1730 – Sent down Mr Rand to procure
it 1729 May, & gave him 200 acres

} In 1672, there two Indians belonged to the Northampton Indians apparently – See Court proceedings. June 1672.

Swampfield

40 persons signed an agreement April 13. 1714. — about division of lands, charges, &c. Lots, fences, &c to be drawn by lot — The Town plot to be laid out from a man a brook "near where the chimneys are" & run southward, &c. Lots 6 by 14 rods wide. 40 lots including minister's lot (minister lot is one of 40 persons above) — each to inhabit, after fencing & building, within 3 years from date of Court's Grant, Feb 1714 — and settle an Orthodox minister in 3 years.

The original Grant of May 1673 was the quantity of 6 miles square near northern bounds of Hadley

Maj. John Pynchon, Lt Wm Clark and Mr Wm Holton were committee. 250 acres to be reserved for the Country.

Committee's state of May 1674. that there is only 930 acres fit for improvement, the rest being barren pine land — this to G. Court. The G. Court ordered the 250 acres to go under these lands; 200 acres to be laid out in remoter lands

Swampfield

March 1715 The Committee for Swampfield granted to Dan'l Beaman, Edw'd Allen Benj. Allen, Ed. Allen Jr & Nathan Tracy the privilege of a stream in Swampfield, upon which there is a sawmill erected, called Sawmill brook, & to have use of timber N. of the brook, — they not to cut inhabitants of S. over 20 of a thousand for boards at the mill. They not to obstruct the erection of a corn mill there — they to have 30 acres of land somewhere in S.

Committee returned May 1718 — say there are about 40 families settled in S. have houses & barns, a meeting house, a church & orthodox minister — have been at great expense — request their bounds to be extended 2 miles further east — the 250 acres they own to town, a school — release from taxes 5 years — & to make them a town

The Gen Court June 1718. granted them Town privileges — no other request granted — to be surveyed —

1715 Aug. 26. Gen. Court confirmed the original grant of 9 miles by 4. The pur. proprietors desired an addition & had it measured out, but G. Court did not allow it — only confirmed the grant.
That plat, by Thos. Hastings, has Sawmill brook —
1st mountain on West side was Hunting Hills, near Sawmill brook, & south of it — and partly N. and partly west of Mt-Toby.
2 Next east of Mt-Toby, which does not extend very far South.
3 Next east is "Joshua's mountains", extending farther both N. & S. than Mt-Toby.
4 Next east is Bushy mountains, extending south to Hadley line or farther.
North of Joshua's & Bushy mountains are ranges called Bald Mountains, & towards N.W. part of addition desired are Mineral Hills, west of these Wells Hills. The original 9 miles by 4 does not include Bushy mountains, Wells Hills, and only a little of Bald mountains & Mineral Hills. — The desired addition was 1 mile 67 rods on N. end & 3 miles on E. side, making the whole 10 miles 67 rods by 7 miles.
Sawmill brook comes from a little N. of E. from the north of Mount-Toby — north of this stream are "Leverett pine plains", called Millers plain. This plain is in the original grant of 9 miles —
Query, which is Sawmill brook? There was a mill there before 1715. See 2 leaves back. Was it not the brook near Montague village?

Rev William Rand, was born at Charlestown 1700, Graduated H.C. 1721 settled at Sunderland 1724 — contentions about Mr. Whitfield led to his dismission at Sunderland — he seems to have been an opposer of Mr. W. — He was installed at Kingston 1746, & was there minister till his death in 1779. Highly commended. See History of Kingston (near Plymouth) in Mass Hts. Collections Vol III 2 Series. He was a scholar, — liberal in opinions, &c.

Rev. Joseph Ashley was first ordained at Arlington, now Winchester, N.H. Nov. 24. 1736. See N.E. Weekly Journal.

He died 1797. (Yale Catalogue).
Probably settled at Sunderland after 1746. It was 1747.
Stephen Ashley married 1762. } were of Sunderland 1767 —
Joseph Ashley Jr. mar. 1763 } probably sons of Rev Jos. A.
Gideon Ashley had a polo, no estate, 1767, perhaps a son of Rev.

Several more items follow, where the [illegible] of Mr. Ashley are given.

1715 July. Proprietors of Swampfield petitioned — say persons are boxing pine trees for turpentine within their plantation which will ruin the place as to pine timber — ask for release of the 250 acres to them; & to have their Indian purchase confirmed and an addition to their bounds — that they may extend N. to the brook called Papaconticksquash which is over against the mouth of Deerfield river, and East 7 miles. & that non residents may be taxed as well as residents 5 years or more

Aug. Original grant confirmed — Plat ordered. (See 2 pages back. Old grant was 9 by 4 miles.

Note — Papaconticksquash brook seems to have been 1 mile 67 rods north of the old (9 mile) north line.

1718 April 8. Selectmen of Hadley, and Col Samuel Partridge, Lt Col John Pynchon and Samuel Porter Esq. run the line between Hadley & Swampfield. Began at the middle of the mouth of Mohawk brook ("commonly known by the name of Mohawk brook") & run eastward about 4 miles to Hadley mill River, & marked trees & set up stakes. Hadley Record.

In 1685, Joseph Hawley laid out 1000 acres in Swamp field for the Whitings — 960 rods on river — by a straight line — 48 rods next to Hadley bounds, and north line 272 rods — (It included all the best of Sunderland.) Mr Hawley says there was a long swamp on the east side, and "on the outside of the swamp, I mean, there is a ditch about 4 miles, encompassing this land." "Within this tract — is about 100 acres already broken up; the other, with little labor is arable". About 40 acres in a bow of the river, westy the straight line. No compass. General Court did not allow this — did not let the Whitings have it.

Sunderland measured by a compass by Timothy Dwight 1730 April. General course of the river is N 17 E. or S. 17 W. So he ran the east line N. 17 E. Length of these lines 9 miles or 2880 rods. The N line & S. line ran east & west, 1960 rods or 6 miles + 40 rods — (Width at right angles was probably 1920 rods or 6 miles.) Mohawk brook was at S.W. corner.)
Sworn to 1739-40. Accepted Dec 1740. (April 1730 above should be, I think, April 1739. It was after 2 mile addition was made.)

Mouth of Mohawk brook, long esteemed the boundary was found by Partridge in 1739 to be 50 rods too far south; & the east end of Hadley N bound any 1422 rods ~~6 miles~~, was 55 rods too far south — This strip of 6 miles + 142 rods (1422 rods) long by 50 to 55 rods wide made 457 ± acres, which Sunderland allowed to Hadley in another place, in N. part of town.

4 Samuel Clary, son of first Joseph, was in Sunderland 1767 with sons Samuel Jr & Moses with decent estates.

All the Clary's seem to be in Sunderland 1767.
